

GO! 2025

Tuesday 19 March, 14.00,
Conference Center, via Alviano 18, Gorizia

MEETS THE UNIVERSITY

University students from Gorizia and Nova Gorica, teachers from the universities of Trieste, Udine and Nova Gorica and student associations are invited to take part in the event.

The event aims to advertise the opportunities at GO! 2025 to the important university population while also gathering information about the needs and ideas of those who study and teach in the cross-border city.

Programme

14:00

- Introduction and institutional greetings
- A quick overview: history and objectives of GO! 2025; opportunities designed for young people, by EGTC GO - European Grouping for Territorial Cooperation
- Lecturers from the universities talk about vocational experiences and special projects within GO! 2025

14:45-15:45

World café: participants, divided into groups, discuss the opportunities offered by GO! 2025, identifying and organising perceived needs and unexpressed potential. The group work will be divided into two phases, for a progressive approach to concrete solutions and ideas.

The workshop constitutes an initial opportunity for discussion and participation and is essential to the establishment of an ongoing working group, made up of male and female students, which will provide the basis for a planning committee within the framework of the GO! 2025 Outreach programme.

15:45-16:30

Feedback and conclusions
